ANONYMOUS CLIENT FEEDBACK RATING

Dear Stakeholders,

Last year included many challenges and some wonderful accomplishments for Executive Service Corps.

Our volunteer colleagues provided much-needed services and applied their leadership, guidance, and expertise to address our clients' needs. They conducted 266 engagements with nonprofit organizations and their leaders. They made an actual difference in the sustainability and success of our Chicagoland nonprofit community. This impact was made possible by the talent and dedication of 154 volunteer colleagues, all of whom have joined us from successful careers in the corporate and nonprofit worlds.

In addition to helping clients, our colleagues focused their expertise internally. The implementation of our own strategy yielded significant progress in the areas of staffing analysis, volunteer recruitment, and targeted marketing. Our Colleague Success Council has taken the vetting, orienting, and supporting of newly recruited colleagues to a new level. We analyzed and refined our product offerings and are now applying even more energy to our fund development strategies. An incredibly generous donation carried us through a challenging year.

Jeanne Mayes is thrilled to hand over the reins to our new board chair, Terra Winston, confident that her passion and leadership will move us forward like never before.

Every year has its challenges. We accept them, address them, and move forward to achieve our vision: All nonprofits in our community will have access to the services they need to thrive. We appreciate your investment and confidence in our mission. Thank you for your time, talent, and treasure that will make this year the best.

In Gratitude,
